

*Erratum***HD 37151: a new “slowly pulsating B star”****P. North and S. Paltani**

Institut d’Astronomie de l’Université de Lausanne, CH-1290 Chavannes-des-Bois, Switzerland

Astron. Astrophys. **288**, 155–164 (1994)

Most figures quoted in the 11th column of Table 3 (p. 162) do not correspond to the heading, $A_{[U-B]}/A_V$. For all stars but the first and the last, the numbers correspond in fact to the ratio $A_{[U-V]}/A_V$. Therefore, this part of Table 3 should read:

HD	$A_{[U-B]}/A_V$
37151	0.896
74195	0.619
74560	0.509
123515	1.058
143309	0.803
160124	0.726
177863	0.894
181558	0.629
27563	0.833
76566	0.56

The points plotted on Fig. 9 were correct. Therefore, the corrected table above restores the coherence between Fig. 9 and Table 3.
