

*Erratum***Magnetic fields in hot subdwarfs (*Letter*)****V.G. Elkin**

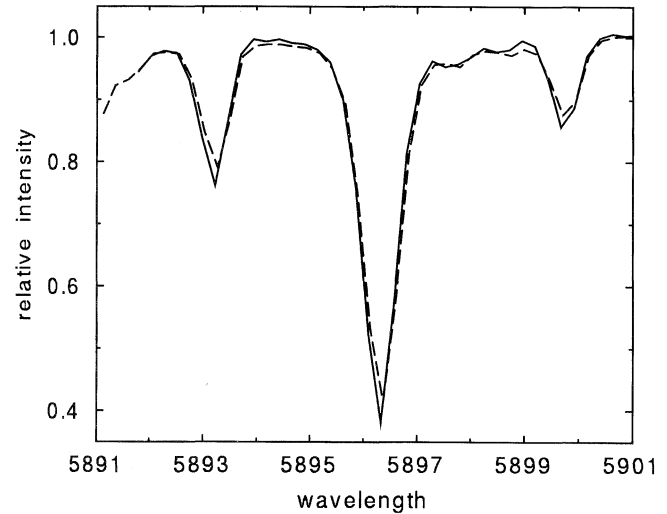

Special Astrophysical Observatory, Russian Academy of Sciences, 357 147 Nizhnij Arkhyz, Russia

Astron. Astrophys. **312**, L5–L8 (1996)

Figs. 3 and 4 of this letter were mixed up. Following are the figures with correct numbers and figure captions:

**Fig. 3.** A part of the spectrum of the magnetic star 53 Cam. *solid line* – right circular polarization, *dashed line* – left circular polarization

**Fig. 4.** A part of the spectrum of the zero-field standard o UMa *solid line* – right circular polarization, *dashed line* – left circular polarization
